LOVING OUR TREES ...

It has been some time since the trees in the grounds of the Church have been pruned and the time has come to plan for the task to be undertaken once more in the Autumn.

Apart from their beauty, trees are a vital part of our environment. They both clean the air and provide us with the oxygen we need, to name but two of their great gifts to us, so it is important to treat the task of pruning in a way that provides for our safety into the future and, at the same time, respects the environment.

If you or a member of your family have experience of pruning large trees, we would be grateful to hear from you. Please leave your name and contact details in the Parish Office.
